PUBLIC INFORMATION MEETING

Proposed Project No. PP-102-020 – Proposed Improvements on Route 7 from Grist Mill Road to Kent Road

City of Norwalk and Town of Wilton

Tuesday, September 10, 2024 at 6:00 p.m.

Cranbury Elementary School – 10 Knowalot Lane, Norwalk, Connecticut 06851

The purpose of this meeting is to provide the community an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The purpose of the project is to improve mobility for all roadway users and reduce congestion-related crashes along U.S. Route 7 from Grist Mill Road to Kent Road in the City of Norwalk and Town of Wilton.

There are right-of-way impacts associated with the proposed improvements. Two total acquisitions may be needed on the northwest corner of the intersection of Grist Mill Road and Main Avenue. Partial minor acquisitions may be needed in other project areas to construct turn lanes and to provide a continuous sidewalk network throughout the project limits.

The proposed project is in the early stages of development. No funding has been identified and no schedule has been determined. This public information meeting is being held to discuss the existing conditions, discuss feasibility of proposed solutions, and receive public feedback.

Additional project information is available at the project website:
