The purpose of this meeting is to provide the community with an opportunity to learn about the proposed project and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The replacement of the current culvert will improve travelers' safety over the brook while also taking in consideration of future travel needs of the community, such as increased accommodations for bicycle and pedestrian travel.

Right-of-way impacts are anticipated for this project and may consist of partial acquisitions and easements.

Construction is expected to start in spring 2028, depending on funding, right-of-way acquisition, and permits. The estimated cost is \$5 million, with 80% federal funds and 20% state funds.

The public can submit comments and questions during the two-week public comment period following meeting. Direct comments and questions by June 26, 2025, to [DOTProject0152-0162@ct.gov](mailto:DOTProject0152-0162@ct.gov) 860-594-2020, or Francisco Fadul at [Francisco.Fadul@ct.gov](mailto:Francisco.Fadul@ct.gov) or 860-594-2078.
