

NOTICE OF SUBCOMMITTEE MEETINGS OF THE GOVERNOR'S COUNCIL ON CLIMATE CHANGE (GC3)

The GC3 Mitigation Subcommittee and GC3 Adaptation & Resilience Subcommittee are scheduled to meet on December 4, 8:30 am – 11 am (Mitigation) and December 7, 2:30 pm – 5 pm (Adaptation & Resilience) with a tentative follow up meeting scheduled for December 14.

On September 3, 2019, Governor Ned Lamont issued [Executive Order No. 3](#) (E.O. 3) establishing the Governor's Council on Climate Change (GC3) and strengthening Connecticut's commitment to transition to a decarbonized economy and enhance resiliency of the state's economic, cultural, and natural resources to the impacts of climate change.

The Council established seven working groups in the areas of Progress on Mitigation Strategies, Working and Natural Lands, Public Health and Safety Adaptation, Infrastructure and Land Use Adaptation, Financing and Funding Adaptation and Resilience, Science and Technology, and Equity and Environmental Justice to assist the Council with carrying out the order. The Working Groups finalized reports with recommendations for the GC3's consideration for adoption and the [reports](#) were published on the GC3 website.

The GC3 was split into two Subcommittees, one on Mitigation and the other on Adaptation & Resilience to review the Working Group reports covering those topics. Each Subcommittee will meet to review the Working Group recommendations and determine which recommendations to put forward to the full GC3 for adoption and incorporation into the Phase I January 2021 report. The Phase I January 2021 report will focus on those recommendations the Council agrees may begin to be implemented in the next 1-2 years. According to Executive Order 3, the GC3 process will continue through 2021 with a subsequent report due by December 31, 2021 that will include both near-term and longer-term recommendations for implementation.
