**UNIVERSITY OF HARTFORD
WEST HARTFORD, CONNECTICUT 06117
OFFICE OF THE REGISTRAR**

The University of Hartford is an independent co-educational institution of higher learning and is accredited by the New England Association of Schools and Colleges.

ACADEMIC CREDIT

The academic year is composed of a fall semester, winter term, a spring semester, and two summer terms. Academic credit is awarded in terms of semester hours. Regardless of the length of the semester or term, the same academic credit is given for a course and a standing number of contact hours is maintained. Each course listed on the transcript will include the following information: Subject and Course Number, Descriptive Title, Semester Hours of Credit, and Grade.

COURSE NUMBERING SYSTEM

In addition to the alphabetic code designating an area of instruction, each course is assigned a three digit number.

9/1/1957-5/13/1984: The first and third digits are for institutional classification purposes only. The second (or middle) digit indicates the level of work as follows: 1-4 level courses are undergraduate only; 5 level courses are graduate level courses intended primarily for graduate students but which are open by special permission to advanced undergraduates; 6 and above level courses are for graduate students only; a zero (0) in the middle position indicates a non-credit course.

5/14/1984-Present: The University's course numbering system was changed effective for the Summer 1984 and subsequent terms. Under the current numbering system, the first digit identifies the course level as follows:

- 0 = Non-credit course
- 1, 2, 3, or 4 = Undergraduate level course
- 5 = Graduate level course which may be taken by advanced undergraduates
- 6, 7, 8, or 9 = Graduate level course open only to graduate students

EXPLANATION OF GRADES

OTHER CURRENT SYMBOLS

Prior to Summer 1984:

If an asterisk appears to the left of the course code, the student has repeated that course. A student repeating a course he/she has previously failed will receive additional credits attempted, credits earned, and grade points. A student repeating a course he/she has previously Passed will receive additional credits attempted and grade points, but will not receive additional credits earned.

P Pass "P" is counted in hours earned but excluded from hours attempted and from computation of grade points.

NP No Pass "NP" is not counted in hours attempted, hours earned, or in the grade points.

W Withdrawn is not counted in hours passed or grade points.

WF Withdrawn Failure is treated as an "F."

I Incomplete is not counted in hours attempted, hours earned, or grade points. Converted to mandatory "F" for undergraduates if course is not completed by the end of the next regular semester while in residence. This policy became effective in the fall semester of 1969. There is no time restriction for graduate students to make up the incompletes.

AUDIT will not be calculated into semester or cumulative totals.

V If a "V" appears to the left of the course code, the credits and grade points of this course do not enter directly into general University summaries and grade point averages.

NG No Grade is issued by the instructor... It is not counted in hours attempted, hours earned, or grade points. This is a temporary code until a grade is issued.

NR No Report on entire class is issued by the instructor... It is not counted in hours attempted, hours earned, or grade points. This is a temporary code until the report is issued.

Effective Summer 1984 to present:

P Pass "P" is calculated into the semester and cumulative earned hours.

NP No Pass "NP" will not be calculated into semester or cumulative totals.

W Withdrawn will not be calculated into semester and cumulative totals.

I Incomplete "I" will not be calculated into semester and cumulative totals.

NG No Grade issued "NG" will not be calculated into semester and cumulative totals.

NR No Report From Instructor "NR" Registrar Assigned Only.

AU Audit "AU" will not be calculated into semester and cumulative totals.

V Void If "V" appears to the left of the grade, the credits and grade points of this course do not enter into University summaries and grade point averages.

SP Special Program These courses are non-credit and grades are not given.

Repeat Course Indicators

If "X" appears next to the course code: Student has repeated a previously passed course. Grade points are computed into semester and cumulative totals.

If "R" appears next to the course code: Student has repeated a previously failed course. Credits and grade points are computed into semester and cumulative totals.

If "" appears to the right of the grade, and the grade is a D+ or lower, the credits and grade points do not enter into University summaries and grade point averages.

As of January 1987

The symbols listed below indicate grade point averages.

E: The grade is excluded in the grade point average.

And Helen Smith

September 7, 2022

Good Afternoon,

We, Porter and Chester Institute (Connecticut) is asking the State of Connecticut Board of Nursing for a waiver for one of our clinical instructors LaKeisha Mitchell to stay on board with us until she obtains her master's degree in Nursing on June 25th, 2023. Currently, Mrs. Mitchell holds a bachelor's degree in Nursing, associate degree in Nursing as well as an associate degree in Health Sciences.

LaKeisha Mitchell's information:

- Date of hire 11/19/18
 - Changed to adjunct status 10/31/21 in which she did not teach us during the pandemic until –
 - 5/31/22 in which she returned full-time.
- Official transcripts are attached.
- Letter from LaKeisha's MSN program with date of expected graduation is attached.
- Nursing organizational chart to show how LaKeisha reports is attached.
- Organizational chart showing how the Director of Nursing (Holly Breault) reports is attached.
- The Enfield campus does not have any other waiver requests currently.
- NCLEX scores for the past year (NCLEX first time pass rates)
 - Day Program: 100%
 - Evening Program: 83%
- LaKeisha has 13 students in her clinical groups altogether:
 - 6 students attend Monday – Thursday
 - 2 students attend Monday-Friday
 - 5 students attend Friday only
 - Totals:
 - LaKeisha has 8 students Monday-Thursday
 - LaKeisha has 7 students on Fridays
- Levels of students LaKeisha has in her groups:
 - 2013A (Term 2 Day / Term 3 Evening) = 1 student
 - 2303 (Term 4 Days) = 4 students

- 2303A (Term 5 evenings) = 4 students
 - 2303B (Term 6 evenings) = 3 students
 - 2403 (Term 5 days) = 1 student
- Orientation to PCI:
 - Her didactic and clinical mentor was a seasoned faculty member.
 - Orientation was six weeks with clinic observation and classroom instruction to students on Med Surg content.
 - Preparation for lecture material, the process of documentation reviewed, review of testing procedures, etc.
 - Stated she had an overall “good orientation” because her mentor “reviewed all components that I needed to accomplish to be successful at PCI”
- Mentors:
 - Clinical – A.C.
 - Classroom – A.C.
- CV is attached.
- Explanation of why LaKeisha was allowed to come back full-time before asking for the waiver.
 - A miscommunication with me, being new to PCI, and Human Resources. I thought that this was something HR would review since the DON is not typically involved in the hiring process.
- Why is it important to have LaKeisha continue with PCI:
 - It is hard to find qualified clinical faculty. LaKeisha has proven throughout her years at PCI that she is competent and a strong instructor in the clinical setting with students.
 - The Enfield campus has a backlog in clinical hours post-COVID that LaKeisha has been a major part in helping students catch up.
 - LaKeisha is the only evening clinical instructor and we have a number of students that need evening clinical hours to work around their current life responsibilities (families, work, etc.).
 - LaKeisha is familiar with all the clinical faculty, the clinical sites, the students, PCI as a company, is a strong instructor who needs little guidance, is not afraid to ask for guidance or assistance or clarification if necessary.
 - Works very well with the students she has and understands and works with the individual learning needs and levels of her students.

GRADING SYSTEM**Grade Point Average (GPA):**

The grade-point average (GPA) is determined by dividing the sum of the quality points (QP) by the sum of the attempted credit hours (CR).

GRADE	DEFINITION	GRADE POINTS	IN GPA CALCULATION?
A	Excellent	4.00	Yes
A-		3.67	Yes
B+		3.33	Yes
B	Good	3.00	Yes
B-		2.67	Yes
C+		2.33	Yes
C	Average	2.00	Yes
C-		1.67	Yes
D+		1.33	Yes
D	Passing	1.00	Yes
F	Fail	0.00	Yes
IF	Incomplete Fail	0.00	Yes
UF	Unearned Fail	0.00	Yes
I	Incomplete	N/A	No
AU	Audit	N/A	No
CR	Credit	N/A	No
IP	In Progress Passing	N/A	No
IPT	In Progress Transfer	N/A	No
MA	Mastery	N/A	No
NG	Non-graded	N/A	No
P	Pass	N/A	No
S	Satisfactory	N/A	No
T	Transfer Credit	N/A	No
U	Unsatisfactory	N/A	No
W	Withdrawal	N/A	No
WF	Withdrawal - Failing	N/A	No
WP	Withdrawal - Passing	N/A	No
WV	Course Waived	N/A	No

Academic Renewal Grades:

Grades preceded by "R" (i.e. RC, RF) denote academic renewal and are excluded from the GPA calculation.

Incomplete "I" / Incomplete Fail "IF" Grades:

Incomplete grades are awarded when a student has been granted an exception to submit work beyond the end of the term. An Incomplete "I" grade automatically becomes an Incomplete Fail "IF" grade if work has not been completed and a grade has not been submitted prior to the pre-determined expiration date.

In Progress Passing "IP" Grades:

"IP" grades are issued for some internships, practicums, and courses that span more than one academic term. The "IP" grade indicates the student is passing as of term end. Unresolved "IP" grades will automatically become a failing "F" grade.

Mastery "MA" Grades:

"MA" grades are issued for direct assessment competency-based education programs once individual competencies are mastered. "MA" is equivalent to an "A" grade on a traditional grade scale. There are no grade points associated with MA grades, therefore there is no GPA for students in direct assessment competency-based education programs.

Pass "P" and Satisfactory "S" Grades:

Pass "P" and Satisfactory "S" grades are defined as a "C" or better at the undergraduate level and a "B" or better at the graduate level. P/F grades were allowed for spring 2020 courses in response to COVID19.

Repeated Course "R":

A student may repeat a course for credit. The last grade, whether it is higher than, the same as, or lower than the first grade is included in the cumulative GPA; the first grade is excluded. In instances where both grades are passing, credit is only earned once. "R" appears to the right of the GRDPT column of the repeated course.

Satisfactory "S" / Unsatisfactory "U" Grades:

An "S/U" option is available in some courses to students in lieu of letter grades. A satisfactory grade may be applied toward fulfilling degree credits, but will not be applied toward the quality point average.

Unearned Fail "UF" Grades:

A "UF" grade replaces a final grade of "F" in each course for any student who ceased participation in graded activities for all courses before the 60% mark of the term.

Ms. Helen Smith:

Porter and Chester Institute (PCI) has made the difficult decision to voluntarily close our Rocky Hill campus location. After an exhaustive effort to identify a suitable site to relocate our operation, PCI has been unable to secure a location that meets the needs of our students and employees. PCI's lease expires September 31, 2022. We have arranged for a brief extension through October 2022. This will allow the school to vacate the premises and relocate students to an existing PCI campus, closest to their place of residence.

Practical nursing students were notified of the campus closure on Wednesday, September 14, 2022. Individual student meetings were held to discuss the opportunity to transfer to a recommended campus, based on student zip code. Students impacted by the school closure will receive a school transfer grant of \$200 per term to assist with any additional expenses/inconvenience that may be incurred resulting from the change in location. Students who are unable to transfer to an existing PCI campus have been informed of the option to: (1) withdraw from the program with earned credit and the school's standard refund policy applied; (2) withdraw from the program, void all previous credit earned, and receive a full refund (see attachment A).

PCI has taken the necessary steps to ensure that all requirements and standards for Rocky Hill students will be maintained until the last student has transferred or graduated. Current Rocky Hill PN students can transfer to one of our existing practical nursing campuses without disruption to their program delivery. Rocky Hill will have approximately 60 (40 day and 20 evening) active practical nursing students transferring to an existing PCI campus (Bridgeport, Enfield, Hamden, Waterbury) for the October 17, 2022 term. In most cases, students will have the same instructor and will attend the same clinical sites. The last day on campus for practical nursing students is October 7, 2022.

All student records are stored electronically using Anthology (CampusVue). Older, paper records, predating the school's transition to electronic records, have been relocated to our Waterbury campus location. All student transcripts can be requested

through Parchment. Transcripts for licensure applications and student references can be obtained by contacting the Director of Practical Nursing education, Holly Breault, MSN, RN., 881 Wolcott St., Waterbury, CT. 06705.

PCI recognizes that change can be difficult, and we are committed to supporting all Rocky Hill students as they transition to their new campus location. While the campus closure was not PCI's original intent, the consolidation of faculty and resources will better position PCI to more effectively manage the limited availability of qualified faculty and clinical availability that continues to impact our practical nursing program.

Please contact me if you have any questions.

Respectfully,

Holly Breault, MSN, RN

Director of Practical Nursing Education

Student Notification – Rocky Hill Campus Closure

As previously stated in our email sent to you on September 14, 2022, and in additional meetings and outreach on campus, we will be closing the Rocky Hill location in October 2022, at the end of the current term. This impacts each student slightly differently and we have been and will continue to discuss the options individually with each of you.

Students who are scheduled to graduate at the end of this term will complete their program at the Rocky Hill campus. Those students scheduled to graduate need to be aware that failed courses or leaves of absence could cause scheduling changes, preventing them from graduating from the Rocky Hill campus in October 2022.

Students who need additional terms after October 2022 may opt to transfer to one of our other PCI campuses in Connecticut or Massachusetts. We would encourage all of our students to finish their training and education at one of these campuses. For those students that opt to transfer to one of our other campuses in October, we will be offering a transfer grant payable by check in consideration and support of you completing your training and education. Grants are based on the amount of time a student has left to complete their program. The student-specific transfer options regarding program schedules and the transfer grant have been discussed with students through individual and group meetings held on campus as well as virtually.

Rocky Hill students who choose to withdraw from their program will be provided with the two options listed below. Please ensure you understand the options presented so you can make an informed decision.

Option 1. Withdrawal with the intention of transferring to another school (not affiliated with PCI) to continue your education.

If, after exploring all options, you determine that you cannot transfer to another PCI campus to finish your program but you wish to continue your training elsewhere, now or in the future, you have the option of withdrawing from the school with a record of all prior training intact. In this scenario, the school's institutional refund policy would apply.

Option 2. Withdrawal with a full refund and no record of academic training at PCI.

If you wish to withdraw from PCI and do not wish to continue your training program, you have the option of withdrawing and receiving a full refund. This option would eliminate any training from your academic record and PCI will not be able to provide any proof of training to you if requested. Please be aware that if you intend on continuing your training at another school, you may be required to completely start over.

Information regarding the U.S. Department of Education Closed School Loan Discharge Program:

Students who choose to withdraw and not complete their education at another PCI campus, or who choose to withdraw with a full refund and all academic credits voided and who have Federal loan debt remaining after their full refund, may qualify for a Closed School Loan Discharge. Information can be found at <https://studentaid.gov/manage-loans/forgiveness-cancellation/closed-school>

Only the U.S. Department of Education can determine if you qualify for this program. We cannot advise you further on this matter. If you have any questions about this process, you should contact your loan servicer.

A final decision on the option you choose must be made by Wednesday, October 5, 2022. You will be able to submit your decision by completing the electronic Enrollment Agreement Addendum, which will be emailed to your PCI email address on Monday, October 3, 2022. Once a decision has been made it will be final.

If you have any questions regarding the options presented to you, please contact Kim Aylett, Campus Director of Operations and Education, at (860) 436-6707, or by email at kaylett@porterchester.com.

Re. Joan Cagginello, RN, BSN, MS – Permanent Waiver Application

Dear Dr. Bouffard,

I am writing to request a permanent waiver for an adjunct faculty member we would like to hire in the School of Nursing here at Southern Connecticut State University. Ms. Cagginello is being considered for an adjunct clinical faculty position in our Nursing 442: Public Health Nursing Course. Ms. Cagginello would be supervising a group of senior level students during their Public Health Nursing clinical rotation during the Spring 2023 semester.

Ms. Cagginello first received her Diploma in Nursing from St. Vincent's School of Nursing in June of 1977, her Bachelor of Science from Sacred Heart University in May of 1992, and her Master of Science with a concentration in School Health Education from Southern Connecticut State University in May of 2004, graduating Magna Cum Laude. As listed in her CV, Ms. Cagginello has been very involved in the field of school nurse education. She has published and presented on the topics related to school nurse safety and health, in addition to serving on several boards.

As you can see from Ms. Cagginello's CV, she is currently teaching Community Health clinical at Quinnipiac University. She has been teaching nursing students in a variety of Public Health/Community Health Placements, including Community Health Centers, Local Health Departments, and Public-School Systems. Additionally, she has an extensive practice experience in the public health setting. Specifically, she practiced as a school nurse for many years in different towns and as an administrator for the City of Milford health department as well.

In her role as adjunct faculty at SCSU, Ms. Cagginello would be teaching in the same area that she has taught at QU. Ms. Cagginello has a permanent waiver to teach Community Health Clinical at Quinnipiac University School of Nursing. At SCSU Ms. Cagginello would be mentored by our full-time Public Health Nursing faculty members, Dr. Frances Penny, and Dr. Susan Burger. If this request is approved, both will meet with Ms. Cagginello prior to the start of the rotation to review course and clinical requirements, student expectations, evaluation processes, and specific student policies here at SCSU. The full-time faculty will be available to Ms. Cagginello throughout the rotation. In addition, Ms. Cagginello would participate in an onsite orientation in the City of Milford Public schools where she will be providing clinical instruction.

Given Ms. Cagginello's professional experiences in the public health settings, her current adjunct clinical teaching with senior nursing students in a similar course at Quinnipiac University, and the teaching support that she will be receiving at SCSU, I am confident that she will be successful in her adjunct teaching role. I am enclosing the following items for your review: (a) current copy of her CV; (b) official undergraduate and graduate transcripts.

The School of Nursing does not have a waiver in place for any faculty. The office of Dean of the College of Health and Human Services is the office responsible for helping the Chairperson of the SON meet the needs of the school. Any need for increase in faculty or support for students is communicated to the Dean's office and they in turn will work with the University Provost to allocate those funds. I am attaching the SON's organizational chart.

I thank you in advance for your consideration in granting Joan Cagginello a permanent waiver and look forward to hearing back from you. If you have any further questions, please feel free to contact me at krolm2@southernct.edu or 203-392-7129.

Sincerely yours,

It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. This document will reveal a digital certificate that has been applied to the transcript, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or Adobe® Reader. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by "Parchment, Parchment" with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The Blue Ribbon Symbol: The blue ribbon is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

Invalid: If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. Author Unknown: Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. THREE RIVERS COMMUNITY COLLEGE

Transcript Guide

Three Rivers Community College (FICE Code 0009765) was formed by a merger of Mohegan Community College and Thames Valley State Technical College by Public Act 92-126 of the Connecticut General Assembly on May 5, 1992. Implementation of a common set of academic policies for the newly merged college was effective with the Fall 1993 semester. Coursework taken during the semesters preceding Fall 1993 were graded and recorded according to the policies of the former colleges pending the formulation and implementation of new academic policies. Mohegan Community College has always used the semester plan. Thames Valley Technical College switched from quarter hours to semester hours in fall 1987.

ACCREDITATION

Three Rivers Community College is accredited by the New England Association of Schools and Colleges, Inc., the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC/ABET), the National League for Nursing and the Connecticut Board of Governors for Education

SPECIAL COURSE DESIGNATION

Developmental or remedial courses are designated by a leading zero in the assigned course number. Individualized study is indicated by courses bearing the number 299 or 2999. Overseas Study is denoted by either the prefix of "I" before the Department abbreviation or after spring 1988, before a location abbreviation indicating where the course was taken.

COMMON COURSE NUMBERING

Courses numbered the same at all Connecticut Community Colleges. Courses which have been converted to a common number are notated with an * after the descriptor, (i.e., NUC*).

NAVY CAMPUS FOR ACHIEVEMENT

From January 1973 to January 1986 the former Mohegan Community College offered an external degree program for members of the U.S. Navy. Students enrolled in this program were exempt from meeting residence requirements; consequently, transcripts of NCFA students may show only transfer credit with no earned grades, quality points or quality point average.

OFFICIAL TRANSCRIPTS

An official Three Rivers transcript bears the raised seal of the College or imprinted multicolored seal and the signature of the Registrar.

ADMINISTRATIVE SYMBOLS

- AU – audit, an irrevocable grade approved by the instructor and assigned by the registrar within the first four weeks of the semester.
- I – Incomplete, a temporary grade pending completion of course requirements within ten weeks of the following academic semester.
- M – An administrative transcript notation used only for developmental courses to indicate that the student is maintaining progress but not at the usual rate. It may be given to a student for a course only twice.
- N – No Grade, an administrative transcript notation for any situation where there is no grade reported at the end of the semester (i.e., no grade received from a faculty member, courses in progress, or no basis for a grade).
- P/F – Pass/Fail, an irrevocable option selected by the student prior to end of the 10th week of the semester. The option is limited to non-technical and non-nursing courses. P counts as earned credit but no quality points.
- TR – An administrative notation for credits recorded from other colleges, approved testing and non-collegiate training programs and credits earned through the assessment of prior learning.
- W – Withdrawal, a grade assigned by the Registrar to students giving written notice of termination of study in a course by established deadlines.
- ^ – Fresh Start, an option that permits a fresh start for students who meet the criteria set by the Board of Trustees.

GRADES ASSIGNED PRIOR TO FALL 2000

Prior to the date of implementation of new academic policies the following grades were used in addition to or in place of the TRCC grades currently in use:

- AD – Symbol used for Audit on the Mohegan campus prior to merger.
- L – Late, a temporary grade assigned by the Registrar when the instructor has not assigned a grade for the student.
- M- Module, a temporary grade assigned by the Registrar when a course extends beyond the close of the semester.
- N- No show symbol used on the Thames campus prior to merger.
- NC – No Credit was used to indicate unsatisfactory completion for courses in the Mohegan curriculum. The NC did not count in QPA calculations.
- NS – No Show, a grade assigned by faculty to indicate a student never attended class during the first two weeks of classes. NS counts as a course attempted and not earned, course does not affect the quality point average.
- PR – Progress, indicating student progressed but not yet ready for 100 level coursework in the Mohegan curriculum.
- R – Registrar, a temporary grade assigned by the Registrar.
- S – Satisfactory was used to indicate satisfactory completion of developmental courses in the Mohegan curriculum.

Each course listed on the transcript will include the following information: Subject and Course Number, Descriptive Title, Semester Hours of Credit, and Grade.

COURSE NUMBERING SYSTEM

In addition to the alphabetic code designating an area of instruction, each course is assigned a three digit number.

9/1/1957-5/13/1984: The first and third digits are for institutional classification purposes only. The second (or middle) digit indicates the level of work as follows: 1-4 level courses are undergraduate only; 5 level courses are graduate level courses intended primarily for graduate students but which are open by special permission to advanced undergraduates; 6 and above level courses are for graduate students only; a zero (0) in the middle position indicates a non-credit course.

5/14/1984-Present: The University's course numbering system was changed effective for the Summer 1984 and subsequent terms. Under the current numbering system, the first digit identifies the course level as follows:

- 0 = Non-credit course
- 1, 2, 3, or 4 = Undergraduate level course
- 5 = Graduate level course which may be taken by advanced undergraduates
- 6, 7, 8, or 9 = Graduate level course open only to graduate students

EXPLANATION OF GRADES

OTHER CURRENT SYMBOLS

Prior to Summer 1984:

If an asterisk appears to the left of the course code, the student has repeated that course. A student repeating a course he/she has previously Failed will receive additional credits attempted, credits earned, and grade points. A student repeating a course he/she has previously Passed will receive additional credits attempted and grade points, but will not receive additional credits earned.

P Pass "P" is counted in hours earned but excluded from hours attempted and from computation of grade points.

NP No Pass "NP" is not counted in hours attempted, hours earned, or in the grade points.

W Withdrawn is not counted in hours passed or grade points.

WF Withdrawn Failure is treated as an "F."

I Incomplete is not counted in hours attempted, hours earned, or grade points. Converted to mandatory "F" for undergraduates if course is not completed by the end of the next regular semester while in residence. This policy became effective in the fall semester of 1969. There is no time restriction for graduate students to make up the incompletes.

AUDIT will not be calculated into semester or cumulative totals.

V If a "V" appears to the left of the course code, the credits and grade points of this course do not enter directly into general University summaries and grade point averages.

NG No Grade is issued by the instructor... It is not counted in hours attempted, hours earned, or grade points. This is a temporary code until a grade is issued.

NR No Report on entire class is issued by the instructor... It is not counted in hours attempted, hours earned, or grade points. This is a temporary code until the report is issued.

Effective Summer 1984 to present:

P Pass "P" is calculated into the semester and cumulative earned hours.

NP No Pass "NP" will not be calculated into semester or cumulative totals.

W Withdrawn will not be calculated into semester and cumulative totals.

I Incomplete "I" will not be calculated into semester and cumulative totals.

NG No Grade Issued "NG" will not be calculated into semester and cumulative totals.

NR No Report From Instructor "NR" Registrar Assigned Only.

AU Audit "AU" will not be calculated into semester and cumulative totals.

V Void If "V" appears to the left of the grade, the credits and grade points of this course do not enter into University summaries and grade point averages.

SP Special Program These courses are non-credit and grades are not given.

Repeat Course Indicators

If "X" appears next to the course code: Student has repeated a previously passed course. Grade points are computed into semester and cumulative totals.

If "R" appears next to the course code: Student has repeated a previously failed course. Credits and grade points are computed into semester and cumulative totals.

If "" appears to the right of the grade, and the grade is a D+ or lower, the credits and grade points do not enter into University summaries and grade point averages.

As of January 1987

The symbols issued will be the grade point average.

E: The grade is excluded in the grade point average.
