Hicks Room, 2nd Floor
Winchester Town Hall
338 Main Street, Winsted**

Learn More: <https://portal.ct.gov/DOTWinchester0162>

The purpose of this meeting is to provide the community with an opportunity to learn about the proposed projects and allow an open discussion of any views and comments concerning the proposed improvements. A Q&A session will immediately follow the presentation.

The purpose of these projects is to address structural deficiencies and substandard elements to bring each structure to a state of good repair.

There are right-of-way impacts associated with the proposed improvements in the form of partial permanent takes, temporary construction easements, slope easements, and the rights to grade and install erosion and sedimentation controls.

Construction for both projects is anticipated to begin spring 2027, based on the availability of funding, acquisition of rights of way, and approval of permits. The estimated construction cost for State Project No. 0162-0161 is approximately \$9.7 million. The estimated construction cost for State Project No. 0162-0162 is approximately \$3.9 million. These projects are anticipated to be undertaken with 80% federal funds and 20% state funds.

The public can submit comments and questions during two-week public comment period following the meeting. Direct comments and questions by Monday, June 23, 2025, to DOT-FLBP@ct.gov or (860) 594-2020, or Andrew Shields, Project Engineer (Andrew.Shields@ct.gov; 860-594-2077).

ACCESSIBILITY

The meeting location is ADA accessible.

Project information if requested can be mailed within one week of the meeting by contacting Andrew Shields, Project Engineer (Andrew.Shields@ct.gov; 860-594-2077).
