5. WPCAG Work Groups

a. Watershed Lands Work Group

Karen Burnaska provided an overview of the group's work regarding water resources information expected when legislators request land conveyances. She notes the interest in advancing this work but said that it cannot be done on behalf of the WPC or WPCAG. She also mentioned recent interest in the process for state agency land transfers.

Karen mentioned possible legislative initiatives for the 2023 session including training for inland wetland commission members, increased staffing at DEEP, and notifications of solar installations within public water supply watersheds. She also mentioned [DPH's upcoming declaratory ruling hearing](#) regarding the [MDC](#) and Colebrook Reservoir. Karen noted that there will be no remote access and that the MDC has requested a change in the wording of the question being asked. Karen added that the work group will continue meeting quarterly in 2023.

Alicea Charamut said there are no reports for the other listed groups but the conservation rates work group meeting will be scheduled after January 1.

6. Old Business

a. [Water Utility Coordinating Committee](#) (WUCC) update

Dan Lawrence said there have been some difficulties in scheduling WUCC meetings, but they are wrapping up the projects they presented to this group earlier this year. There was a discussion of how they will improve coordination between meetings of the regional WUCCs and of the WUCC implementation group. Dan also mentioned an [update to DEEP's draft permit for nonroutine transfers and interconnections](#), an initiative originally brought to this group in April.

c. Nominating Committee

Alicea Charamut mentioned that the WPC has appointed Joe Violette of the Waterbury Regional Chamber of Commerce and Jon Morrison of the USGS to be new members of the WPCAG. The agriculture position remains vacant and the nominating committee is considering possible candidates and a possible shift of current assignments to fill that vacancy. She also asked members to coordinate with their alternates when they are unable to attend a meeting. Alicea thanked Virginia de Lima for her contributions to this group and others also thanked her.
